MONSTROUS MALIGNITY.

DIABOLICAL DOINGS REPORTED FROM AN ILLINOIS COUNTY.

A Father's Causeless Passion Said to Have Resulted in the Horrible Murder of His Son and a Prompt Lynching—A Mob's Work in Georgia—A Black Criminal Calendar.

DEPTFORD, Ill., Aug. 14.—A rumor was circulated here Friday that a terrible tragedy, followed by a lynching, occurred near Georgetown, twenty miles south of here. The rumor of the kind of crime could not be learned. The information was that a young man was thrashing grain when a young son of the man feeding the thrasher accidentally hacked his father's hand with the knife he was using to cut bundles with. This so enraged the father that he gathered his son up and threw him into the thrasher, the boy being literally cut to pieces. The father, upon realizing what a terrible thing he had done, once took to flight. He was soon captured by the machine hands and neighbors and lynched by being hanged from the thrasher in which he had thrown his son.

THE MASSACHUSETTS BORGIA.

Evidence Piling Up to Show Her Guilt of the Crime Charged.

BOSTON, Aug. 14.—Evidence in the Robinson poisoning case at Somerville is piling up thick and fast. Chief of Police Parbury has had a constant stream of people coming into his office and offering bits of information regarding the woman Robinson, and he will have at least forty or fifty witnesses for the prosecution. Up to now no effort was made to procure bail for the woman, and the chances are that none will be made. Both the woman and Smith are closely guarded, particularly the woman, as the most to be feared now is that rumors or despair may influence her in making an attempt at suicide.

Several conductors of the Cambridge road, upon which William Robinson was employed, say that as far back as a month ago he used to say he could keep nothing on his stomach that he ate at home. He attributed his trouble to the fact, because when chance visited that he died in Boston or away from home, he experienced difficulty in retaining his food. He could assign no cause for the strange feelings by which, for the last four weeks of his life, he was made miserable. Chief Parbury procured an ante-mortem statement from William Robinson. This will be kept for reference until put in evidence in the case.

LOU MABBITT'S DISAPPEARANCE.

The Mother of a Suspected Man Threatened with Hanging.

LOANSBORO, Ind., Aug. 14.—The disappearance of Miss Lou Mabbitt, who left her home in this town some seven days ago, is growing more mysterious, and it is feared that she has been murdered. Among those suspected of being guilty of participation in this supposed crime is a young man named James Green, son of a widow. He has disappeared also, and his mother was arrested in hope of obtaining information of his or the girl's whereabouts. But she stated that she knew nothing and was liberated.

A SPECIMEN OF MOB LAW.

One Mob-Crime to be Righted by Another Worse Than the First.

MACON, Ga., Aug. 14.—Miss Mamie Little, from Savannah, reached this city on Saturday evening and lodged at the Moore Hotel. She was directed to her room by a man who offered her a ride in his automobile. She got into the car and was driven to a place where she was told to get out. She was then taken to a room where she was told to wait. She was then taken to a room where she was told to wait. She was then taken to a room where she was told to wait.

MISCELLANEOUS.

—We are gratified to learn from the Chicago Times that Jamesville will have a "city hospital."

—Work on the dam will probably be finished by the end of next week, at least so one of the water power owners said this morning.

—At the conclusion of select Knights, A. O. U. W. at Ottowa, Illinois, Mr. R. J. Clemens of this city was elected Grand Lieutenant Commander instead of Grand Recorder as was first stated.

—The Rev. Joseph White has returned from his summer vacation and services will be resumed in All Souls church tomorrow, the pastor preaching at 10:30 a. m. Subject: "The Fall of Man."

—The Goodwin house, Beloit, has changed hands, Mr. B. A. Clark having purchased of the property to Mr. John A. Landis, of Bath, New York. The new landlord will take possession next week.

—The North Fourth street bridge will be in condition to accommodate people on foot this evening. It is claimed that there will be as much travel over this bridge when completed as upon any other bridge in the city.

—A well known band leader says there are few ordinary pianists that can play the bass drum. They have no idea of time. Bartlett picks this up and continues quizzically "that doesn't bother us any. The trouble is they can't play the piano either."

—The game season opens on the 15th of August and the 15th this year comes on Sunday. Just the same a prize obituary with any regard for its own safety should find some hole to crawl into at least as early as one o'clock tomorrow morning.

—During the storm yesterday a tobacco shed on the farm of W. B. Baines near this city, was struck by lightning, considerable damage being done to the crops and roof. Mr. Baines was standing inside at the time of the shock, but escaped without injury.

—Tramps are beginning to give trouble in some parts of the city again. One of them entered a barn in the fourth ward yesterday afternoon, and picking up a coat, started to make off with it. He was seen, however, and after a sharp chase, was caught and forced to give up the stolen property.

—A party of surveyors from the office of the Chicago & Northwestern Railway will arrive in the city on Monday and will go over the proposed line of the Evansville "cut-off." It is understood that they will commence setting the grade stakes so that work can be commenced as soon as possible.

—The republicans of the town of Springfield held a caucus yesterday afternoon for the purpose of electing five delegates to attend the republican county convention. Messrs. Ole P. Gardner, Homer Taylor, James Kirkpatrick, Ender Sater and William Taylor, were chosen, there being over 200 votes polled at the caucus. It is understood the delegates favor the nomination of B. B. Harper, of that town, for the office of sheriff.

—If the street commissioner or alderman of the first ward would cause the dumping of two or three loads of gravel in the sink hole in front of the postoffice, the public would be greatly benefited, and the danger of pedestrians being splattered with muddy water at that point would be removed. There were a good many "ones" words spoken this morning by people passing the pond of muddy water at the same time some jehs happened to rush along the street, throwing muddy water in every direction.

—A bolt of lightning struck the residence of Dr. Henderson Hunt, at the corner of Wheat and Bluff streets, Beloit, yesterday morning, doing considerable damage. The current struck a chimney and partially demolished it and divided, passing part to the back of the house and part through it. A raft was broken and plastering was knocked off, and a picture frame on the wall was smashed. The family received quite a shock. There were also a number of lights of glass shattered by the shock.

—The struggle for political office in Rock county is becoming quite interesting, and the result of each town caucus is watched with eager interest by the wire workers. In selecting delegates the several candidates for sheriff have the choice of delegates, the aspirants for the other offices being a sort of side issue. The town of Evansville has elected delegates favoring Silas Ward, for sheriff, and the town of Springfield Valley elects delegates favoring R. B. Harper. The towns of Harmony and Rock hold their caucuses this afternoon.

—A party of Evansville people numbering nearly forty, rode down to "Camp Yadd," between this city and Atton, returning about one o'clock this morning. They were enthusiastically received by the campers, and enjoyed themselves immensely. The camping ground, which is situated on the bank of Rock river, is said to be the best adapted to the purpose of any around the city. There is an abundant supply of clear, spring water, a noticeable absence of mosquitoes and malaria, and the river is still high enough to float an ordinary sized row boat if it is not too heavily loaded.

Chronic nasal catarrh positively cured by Dr. Sage's remedy.

A Rare Opportunity.

I offer for sale, the best livey stable in southern Wisconsin, with all the appointments of a first class livey business. Well sell the barn and real estate with the stock and business, on very favorable terms, or will sell the stock and furnishings, and rent the barn for a term of years. The business is a prosperous one, and paying one, and the owner can give good reasons for making the change. It is a grand opening for a live man. For terms, call or address

IN THE COURTS.

The First Case Decided—Campbell's Assault and Discharge.

The case of G. W. Frost against the Citizens National Bank of Beloit, has been decided although no minute of it appears in the court records. Judge Bennett announced to the attorneys interested, that he would render judgment for the defendant, and to-day a motion was made by the plaintiff to set aside the finding. The motion was denied and the case will probably go to the supreme court.

The Property Divorce case was again taken up but only one witness was examined. The contest is now entirely on the matter of alimony.

In the case of Dole against French, an action to correct the description in a sheriff's deed, a decision was rendered for the plaintiff.

MUNICIPAL COURT.

Loomis and Harris, the two young men who were arrested for assaulting Andrew Campbell last Sunday morning, have been discharged as the evidence against them was too slight to convict.

Dennis Concanen and a farm hand named Marion were up before Judge Patton this afternoon on a charge of drunkenness.

Budget Haulers.

A critic of the Oshkosh Northwestern has, after time and trouble figured out that the girls of Madison are said to be the tallest and most stylish in the state; those of La Crosse have the smallest feet; the girls who live at Green Bay are the most intelligent; those of Stevens Point the most demure; Milwaukee the best drinkers, the most enthusiastic gamblers; Wausau, robust and blooming; Portage, the best musicians; Ashland, the best complexion; Waupaca, intellectual; Racine, fond of music, the worst promiscuous and flirtatious; Eau Claire, lady-like, and graceful; Oshkosh Falls, the most indolgent; Rhinelander, the most anxious to be loved; Fond du Lac, the most anxious to be married; Antigo, the homeliest; De Pere, the prettiest; Shawano the most unsophisticated, with a weakness for ice cream; Grand Rapids, the most freekied; Central, pretty; Neenah, there aren't any, they die young or grow up into boys; Appleton, anxious but hopeful; Berlin, the most sociable; Ripon distant manners. The girls of Oshkosh are noted for their beauty, their intellectual requirements, their red cheeks, small feet, general intelligence and excellent dancing.

PERSONAL.

—Mrs. W. C. Brown and little son Ray, of Wells, Minn., are in the city visiting relatives and friends.

—Mrs. O. F. Hayes and daughter left for Chicago this noon after a short visit with the family of Mr. and Mrs. John B. Hayes, of the first ward.

—Mayor John Winters went to Delavan this noon. On Monday he will go from there to Chicago and will deliver the Evansville "cut-off" bonds to the Northwestern officials.

—Eugene Bostford, who has been acting as station agent at Plattville, is in town and will spend Sunday within sound of the street car bells jingle and the roar of water works and Evansville cut-off discussion.

A New Postal Card.

New York Times: The new postal card design adopted about a year ago will soon be superseded by another, which has been prepared at the bureau of engraving and printing, and which has been formally approved by Postmaster General Vilas. When the last change of design was made there was some occasion for haste and there was difficulty about getting rid of certain notions about the card that experience has removed. Mr. Vilas last year took the best of the designs offered. It was an improvement, but still not entirely satisfactory. The new design will at once be accepted as an improvement upon that now in use. It consists of one piece of engraving instead of two pieces as on the present card. A head of Jefferson, a miniature portrait after the original in the plate department, occupies a central place on the upper third of the card. Over this head in light letters are the words "United States." In panels supported by scroll work at the left and right are the words "postal card" and beneath the border line enclosing the designation of value, is the line, "nothing but the address to be on this side." The design is graceful and light, and its design over the old one is that the idea of putting the stamp off at one side and the designation of the article at the opposite side is abandoned to leave an extensive design, with the strongest feature of it in the center. The postmaster general may decide to print the new cards on white paper, in black ink, for the reason that white paper furnishes a better ground for written characters, being less susceptible of being soiled by the ink of the pen or the stamp. It is probable that the new cards will not be out for a month or two.

Patronize Home Industry.

The Gazette has frequently advocated the doctrine of patronizing home industries, believing that mutual interests are best served by an appreciation of the home market, and the patronage which home industries merit. Evansville has long enjoyed the reputation of first class workmen and responsible dealers in the line of marble and granite. Prominent among this class of dealers is the well-known house of F. A. Bennett, who for the past twelve years has been engaged in the business for himself, and whose popular work is always a source of pride and satisfaction to visitors at Oak Hill cemetery. Mr. Bennett is thoroughly equipped and possesses all the facilities for furnishing any kind of work. He is as competent to put up a piece of work worth \$1,000 as to carve a small stone worth \$25. If you have occasion to buy anything in the line of marble or granite work, call and examine Mr. Bennett's samples and prices.

To Lovers of Our National Game.

The "Monarch," East Milwaukee street has made arrangements to receive each night the official report of all games played that day. A large bulletin board has been placed there and the standing of each club will be made every night. Mr. Vivyan will also receive reports of all horse racing, giving time and winner of each race. Reports posted at 7:30 nightly.

CITY GOVERNMENT.

The Common Council Consider and Adopt an Amended Contract Relating to the Evansville "Cut Off"

Mayor Winters Authorized to Sign the Contract and Deliver the City Bonds.

At the special meeting of the common council last evening Mayor Winters presided, all the aldermen being present except Ald. Ornt.

Mayor Winters stated that he called this special meeting of the common council for the purpose of considering matters pertaining to the Evansville and Northwestern railway. He had been to Chicago in company with Mr. Stanley B. Smith and Wm. Reger, for the purpose of delivering the \$40,000 in city bonds as directed by the resolution of the council, and subscribing for forty shares in the Evansville and Northwestern railway. Upon a careful examination of the contract he found there was no assurance as to how the road was to be operated; it was left wholly optional with the managers of the Northwestern road whether Evansville would be kept on the side track, or that the company would use the new road for passenger or freight traffic. Under these facts he declined to deliver the bonds. The company drew up another proposition, partly at his suggestion, which the mayor thought was the best that could be obtained. Mr. Winters endeavored to have it stipulated that the new road should be operated as the "main" line, which the company refused, giving reasons which appeared satisfactory to our mayor. Instead of using the word "main," "through" was substituted, so that, as amended, the company agreed to operate the new line of road as their "through" line between Chicago and St. Paul, via Evansville. The mayor withheld his signature until the council had been given an opportunity to consider the same. The clerk then read the amended contract, which provides that the company would purchase the right of way between this city and Evansville, and build, equip and operate the Evansville cut-off as a portion of the through line from Chicago to St. Paul and other points in Minnesota for freight and passenger traffic, that the road would be built in a good and workmanlike manner, and that the company would render to the city a true and correct account of its disbursements for the purpose of the right of way of the aforesaid line, and return to the city the amount of bonds not necessary for the purpose of paying for the right of way.

There was a large number of prominent citizens present and Mayor Winters stated that an opportunity would be given any citizen to express his views regarding the acceptance of the new contract. No one desiring to speak.

Ald. J. B. McLean offered the following which was unanimously adopted:

Resolved, A written contract between the Chicago & Northwestern Railway Company of the first part, and the Evansville & Northwestern Railway Company of the second part, and the City of Evansville of the third part, has been read and submitted to the council for its approval, which said agreement has already been signed by first and second parties, and whereas said contract is satisfactory to said City of Evansville and secures the building and equipment of the so-called Evansville cut-off, and its operation as a through passenger and freight line between the cities of Chicago and St. Paul, and to other points in the State of Minnesota. Therefore it is ordered by the mayor and common council of the city of Evansville that the mayor and clerk of the said city sign, execute and deliver said contract, which bears date August 12, 1886, on behalf and for said city, and when signed keep one of the duplicate copies thereof, and file the same in the office of the said clerk. Further, that the clerk agree to said contract the corporate seal of said city.

Wm. Reger, Esq., the Evansville attorney for the Northwestern company, stated that the railroad company were anxious to have the matter amicably adjusted so that they could commence work immediately, and push it forward as rapidly as possible. According to the contract the road must be completed by the first of July, 1887, but it would be rushed through this fall if possible.

The council adjourned.

CHURCH DIRECTORY.

Giving the Time and Places Where Divine Services Will Be Held on Sunday.

Hour the right, O Lord, attend unto my cry; give ear unto my prayer, that my voice come forth from thy presence; let thine eyes behold the things that are equal. Thou hast proved mine heart; thou hast visited me in the night; thou hast tried me, and shalt find nothing; I am purposed that my mouth shall not transgress. Concerning the works of men, by the world of thy lips I have kept me from the paths of the destroyer. Hold up my goings in my paths, that my footsteps slip not. I have called upon thee, for thou wilt hear me, O God: incline thine ear unto me, and hear my speech. Blot thy marvelous lovingkindness, O thou that savest by thy right hand them which put their trust in thee from those that rise up against them. Keep me as the apple of the eye; hide me under the shadow of thy wings. From the wicked that oppress me, from my deadly enemies, who compass me about. They are inclosed in their own fat: with their mouth they speak proudly. They have now compassed us in our steps; they have set their eyes bowing down to the earth. Like as a lion that is greedy of his prey, and as a young lion lurking in secret places. Arise, O Lord, disappoint him, cast him down; deliver my soul from the wicked, which is thy sword. From men which are thy hand, O Lord, from men of the world, which have their portion in this life, and whose belly thou fillest with thy hid treasure; they are full of children, and leave the rest of their substance to their babies. As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake with thy likeness.

For Register or Deeds.

The name of Mr. W. J. McIntyre, of the town of Lima, is mentioned in connection with the nomination for register of deeds. Mr. McIntyre is one of the old settlers of Rock county, having first settled in the town of Lima with his parents in 1845. Shortly after this he removed to a farm near Ft. Atkinson. In 1853 he returned to Lima, enlisted in the 12th Wisconsin Battery and was credited to the town of Lima. He remained with this battery during the war, participating in the Atlanta campaign, the march to the sea, and the campaign in the Carolinas. At the close of the war he returned home and engaged in school teaching for a number of years, and finally settled down to farming in Lima. He was twelve consecutive times elected supervisor of that town, without effort on his part, and for nine years represented Lima in the county board of supervisors, six years of this time he was chairman of the committee on claims, one of the most important committees of that body. Mr. McIntyre has always been a consistent advocate of the principles of the republican party. His nomination at the county convention would be gratifying to his many friends throughout the county.

The household article causing great sensation is Fairbank's Soap. A comfort to use.

At seven o'clock this morning the thermometer indicated 64 degrees above zero. Clear with north wind at one o'clock p. m. the register was 83 degrees above zero. Partly cloudy with northeast wind. For the corresponding hour one year ago the register was 56 and 74 degrees above zero.

Fairbank's Soap eclipses all others. If you have not tried it, don't wait any longer.

GENEVA LAKE.

Great Rush of Visitors at Fontana Park.

New Lines of Railway and Other Interesting Items.

To the Editor.

LAKE GENEVA, Wis., Aug. 13th, 1886. Yesterday must have been the gala day of the season at this place if we may judge by the number of people that were here. By actual count there were one hundred and eighty-one carriages of all kinds here yesterday and as they began to leave last evening I counted eight, ten and in one carriage twenty persons; and on a fair estimate there was not less than one thousand persons on these grounds as there were but few carriages with but two persons. There was a Sunday school here from Daran and they chartered a steamer and went on an excursion to Kays' park. There was a large excursion party from Harvard.

One of the most charming sights to be seen came around near the shore of the lake about four o'clock. It was a string of row boats about half a mile long drawn by a steamer. The boats were all filled with young ladies carrying flags and streamers and they were from the Harvard park.

When one leaves this place, there seems to be two or three that come to fill the place, and at this time Fontana Park is run to its full capacity.

The surveyors were through the grounds yesterday and the day before, surveying for a railroad to connect with the city of Geneva Lake and Chicago. A little rough work has to be done if they get very near the lake. The Chicago and Evanston railroad has surveyors, looking out the line from Libertyville to Milton, making this place, Delavan and Johnston a point on the line.

This land about this lake is all held at high figures, and it will soon take a small fortune to secure a home near the shore.

Among the arrivals that came to stay on yesterday were Mr. and Mrs. Chas. Conrad, Mrs. J. C. Cook, Miss Spencer, Leavitt Kridel and daughters, Professor Doreen, Evansville.

John Hamilton and sister Belle, Archie McLean, Belle McLean, Miss Grace McLean, Miss Lela and Carrie Coggswell, Clarence Alkin, Loan Fletcher, Johnston.
